

JAN 21 1985

January 15, 1985

Control Number: HE-48-1-85

OFFICIAL NOTICE OF SANITARY VIOLATION

Penny Childress, et al.
Route 2, Box 553
Rogersville, MO 65742

Dear Ms. Childress:

This department has received a complaint concerning the dumping of septic tank waste on property under your control on the east side of the 3900 and 4000 blocks of South Mentor, Springfield, Missouri.

A representative of this office investigated the complaint on January 15, 1985 and found it to be justified. Chapter 30, Section 30-11 of the Springfield City Code states that "It shall be unlawful for any person to place, deposit, cause, or permit to be deposited, in any unsanitary manner upon public or private property within the City, any domestic waste, garbage, pollutant, or other objectionable waste."

Therefore, it is the direction of this office that the above septic tank waste is to be cleaned up and properly disposed of within seventy-two (72) hours of receipt of this notice.

In order to prevent odor, please apply lime immediately to the area where the septic tank waste is dumped. If you have any questions concerning this matter, or if the City Health Department can be of assistance to you, please contact us at your convenience.

Your cooperation will be appreciated.

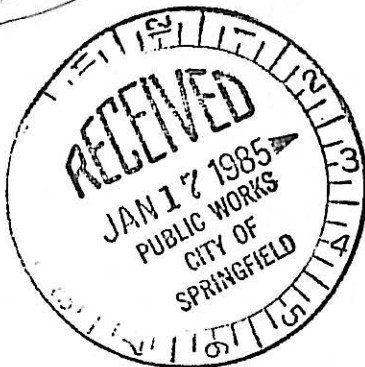

For David G. Snider, Director of Public Works

Very truly yours, .
